Accelerate your Digital Transformation with Congero's Pre-built Integration for Salesforce and Oracle Monetization Cloud

We created Congero's pre-built integration package to give your business an edge — through seamless integration capabilities. With access to the most common order-to-cash processes within the integration package, you'll save time and money by accelerating every project timeline.

FASTER TIME-TO-MARKET

Increase the speed and accuracy of your project implementation. With our pre-built integration, you can have your Salesforce and OMC integrated and be processing customer orders within 30-45 days.

COST SAVINGS

Reduce your total cost of ownership with our pre-built integration — engineered to work in the cloud or on-premise. Since we've taken advantage of Salesforce and OMC's standards and best practices, we are able to pass the cost savings back to you.

OPERATIONAL SAVINGS

With the Congero salesforce to OMC integration, you spend less time tracking order fallout and data integrity issues. Our integration combines real-time and batch functionality with middleware capabilities to manage processing and connectivity issues.

SECURITY

Our prebuilt integration is founded on the latest technology and security standards, providing a safe conduit between all systems. Your data and your customers' privacy is secure.

how it works

① Install the Congero Salesforce.com Integration package either in the cloud or on-premise

② Configure Salesforce.com and OMC for product sync and order processing

③ Create and Manage your customers and orders for a complete 360-degree view

The salesforce integration package to OMC is available in both subscription and perpetual license options.
